John Nienstedt  
Competitive Edge Research and Communication  
2170 4<sup>th</sup> Avenue  
San Diego, CA 92101

Dear Mr. Nienstedt:

As the leading firm for the Cross-Border Terminal Market Demand Study for the San Diego County Regional Airport Authority, Infrastructure Management Group, Inc. gladly extends its special appreciation to Competitive Edge Research and Communication (CERC) for the unprecedented work delivered in the field research phase of the study.

CERC professionally conducted the telephone interviews element of the research work associated with the Demand Study. Its talented staff developed comprehensive questionnaires to capture market trends and user drivers that will allow us to predict the potential demand for a cross-border terminal facility between the U.S. and Mexico. Furthermore, the refined interpretation of data attained by its research analysts brought exceptional results to the team. CERC's involvement and thoughtful professionalism displayed throughout the project was remarkable.

CERC's contribution to the Demand Study was reliable, accurate and thorough. Be assured that IMG will not hesitate to work with CERC in future opportunities as they arise.

Sincerely,

A handwritten signature in blue ink, appearing to read "Jorge Gonzalez", is written over a horizontal line.

Jorge Gonzalez
