Dear John:

I wanted to extend my gratitude to Competitive Edge Research & Communication for your work on the recently completed research in Calaveras County. Your team delivered, as usual, by creating the survey instrument, fielding the project, and providing us with the data we needed in a timely manner.

Your approach is accurate and reliable. Everyone in your firm responded quickly and efficiently and the resulting data that was provided was well-organized, and easy to understand. The data collected is critical in providing proof to a judge for a change of venue for a fair trial, and Competitive Edge comes through time and again.

Thanks again for your efforts and your excellent service and dedication to providing quality results every time.

Sincerely,

Paul J. Strand, Ph. D.
